Smart Solutions

TTS 3.7 - Wheelbarrow Traffic Lights

Work zones can be congested. The nature of work being done and a maze of construction equipment sometimes don't allow for much space to properly control traffic. The TTS 3.7 is a light-weight, ultra-compact, programmable portable traffic signals ideal for applications where space is a limitation.

| Brand | Product Code | Power | Operating Voltage |
|-----------------------|--------------|---------------------------|-------------------|
| NORTH AMERICA TRAFFIC | TTS3.7066 | 50W Solar Panel/Batteries | 12 V |
